

EXTEND THE LIFE OF YOUR ENTERPRISE NETWORK

Telmar Network Technology is the market leader in delivering multi-vendor, network-wide repair to enterprises around the world. Our Unified Communications certified repair solutions extend the life of your products and networks by repairing current faults, replacing deficient components, testing to OEM specifications, and backing refurbished systems under a new warranty up to three years. Our repair services are backed by years of experience, performed by qualified, OEM-trained technicians, and completed in our state-of-the-art repair facilities. If you need your repairs in a hurry, we offer Same-Day Repair and 24-Hour Advance Exchange.
